Slow Cooker Chicken Tacos

By *The Diabetic Skillet*

Serves: 6

Prep Time: 5 minutes

Cooking Time: 4 hours high or 6 hours low

Difficulty: Easy

Comments

You can shortcut this recipe by using a rotisserie chicken and shredding it instead of cooking the chicken in the slow cooker. Add a teaspoon or two of ground cumin to the slow cooker for extra flavor.

Ingredients

- 1 pound chicken breast, boneless and skinless
- 1 cup salsa, fresh, low sodium, refrigerator section
- 2 tomato(es), medium, chopped
- 1/2 avocado(s), Haas or any, peeled and chopped
- 1/2 cups cheese, jack or Mexican blend, reduced fat, shredded
- 2 tablespoons cilantro, fresh, chopped
- 2 cups lettuce, iceberg, shredded
- 6 tortillas, corn
- cooking spray, olive oil type

Preparation

Place the chicken breasts on the bottom of a slow cooker. Spoon the salsa (and cumin if desired) over the chicken and cook on low for about 6 hours or high for about 3 hours. Remove the chicken from the slow cooker and place on a plate to shred. Place the shredded chicken back into the slow cooker pot and mix with the salsa in the bottom of the slow cooker.

Meanwhile, preheat the oven to 400 degrees. Spray a baking sheet with cooking spray. Spread the tortillas out on the baking sheet, coat with cooking spray and bake for 5 to 7 minutes until lightly crisp. (If you prefer soft tacos, place tortillas on a plate and wrap them with a damp paper towel. Microwave for about 45 seconds.) Fill each taco with chicken and remaining ingredients and serve.

Shred the lettuce, chop the tomatoes, grate the cheese and cut the avocado. Place all of this on a platter and serve at the table.

Comments

This has a southwest flare and is a quick and simple side dish. It goes well with dishes you might also serve with rice but cooks up quicker than most rice.

Ingredients

- 1 cup couscous, whole wheat, dry
- 1 1/4 cup vegetable broth, reduced sodium
- 2 teaspoons olive oil
- 1 tablespoon garlic, bottled minced
- 1/2 onion(s), medium, chopped
- 2 tomato(es), Roma, chopped
- 1 can (15 ounces each) black beans, reduced sodium, drained and rinsed
- 1 teaspoon cumin, ground
- 1/4 cup cilantro, fresh

Preparation

In a medium saucepan, heat oil over medium high heat. Add onions and garlic and stir, cook for about 30 seconds. Add broth, tomatoes, cumin and black beans and bring to a boil. When the water is boiling, add the couscous and remove from the heat. Stir and then cover and let sit for 5 minutes. Fluff it up with a fork before serving. Garnish with cilantro.

Comments

Yum! This is a simple and delicious way to serve salmon - we used wild salmon with no color additives. You could also use the glaze on other types of fish as well.

Ingredients

- 1 1/2 pounds salmon, wild, steaks or filet
- 1 tablespoon olive oil
- 1/4 teaspoon garlic powder
- 1/4 teaspoon pepper, black, ground
- 1 teaspoon garlic, bottled minced
- 1/3 cup apricot fruit spread such as Simply Fruit, 100% fruit
- 2 teaspoons honey
- 2 teaspoons Dijon mustard
- 1/3 cup chicken broth, reduced sodium (or vegetable broth, reduced sodium)
- 2 teaspoons soy sauce, low sodium
- 1/4 teaspoon pepper, black, ground

Preparation

Heat olive oil in a large skillet or grill pan over medium heat. Pat salmon dry with a paper towel and cut into 6 equal pieces. Season top side of salmon with garlic powder and pepper. Place salmon in skillet with seasoned side down. Cook for 3 to 4 minutes per side until cooked through. Remove salmon to a plate and cover with foil to keep warm. Place minced garlic in the skillet and cook over medium heat. Stir and cook for about 1 minute. Add remaining ingredients and stir. Cook over medium heat for about 5 minutes until ingredients and flavors are combined and glaze thickens. Spread glaze over salmon and serve.

Miniature Cheese Stuffed Peppers

By *The Diabetic Skillet*

Serves: 8

Prep Time: 20 minutes

Cooking Time: 12 minutes

Difficulty: Easy

Comments

These are delicious as an appetizer, side dish or even main course. Their small size makes for easy finger food. Make extra because they go fast and you won't be able to eat just one.

Ingredients

- 8 peppers, sweet, small, or 4 medium bell peppers
- 2 tablespoons olive oil
- 4 ounces cheese, mozzarella, low fat
- 5 peppers, sweet cherry, bottled, drained and chopped
- 4 ounces ricotta cheese, low fat
- 1 teaspoon oregano, dried leaves
- 2 cloves garlic, fresh, minced

Preparation

Preheat oven to broil. Halve and seed the miniature peppers (or if using larger bell peppers, cut into quarters and seed). Rub both sides of the peppers lightly with olive oil and place on foil lined baking sheet hollow side up. Slice the Mozzarella cheese and divide among the peppers. Divide the chopped cherry peppers and the ricotta among the sweet peppers. Sprinkle with oregano. Mix the garlic with the olive oil and drizzle lightly over the peppers. Carefully broil until peppers are beginning to char and cheese is melted.

Chicken Roll With Ham and Asparagus

By *The Diabetic Skillet*

Serves: 6

Prep Time: 10 minutes

Cooking Time: 20 minutes

Difficulty: Easy

Comments

This is a fun presentation and is similar to Chicken Cordon Bleu, but with Asparagus. The kids love this one and it's nice enough for company.

Ingredients

- 1 1/2 pounds chicken breast, boneless and skinless
- 3 ounces ham, sliced thinly
- 1/3 cup cheese, Swiss, grated
- 10 spears asparagus, fresh
- 1/3 cup bread crumbs, Italian herb flavored
- cooking spray

Preparation

Preheat oven to 375 degrees. Trim tough ends from the asparagus and wrap them in a damp paper towel and cook in the microwave oven for 1 minute to soften. Cut each spear in half. With a small knife, carefully cut down the side of each chicken breast to open up like a book (do not cut all the way through). Open it up and lay it flat on the cutting board. Divide the ham, asparagus and cheese among the chicken breasts and arrange them in layers over one side of the chicken. Fold top over filling and secure with toothpicks. Spray outsides of chicken with cooking spray, then dip each side in bread crumbs. Coat a nonstick skillet with cooking spray. Place skillet over medium to medium high heat. Place the chicken in the skillet and cook for about 2 to 3 minutes per side. Place the browned chicken breasts in a baking dish and continue cooking in the oven for about 10 minutes until cooked through. Remove from oven, slice and serve.

Comments

These are so easy to make. You can cook the packets in the oven or on the outdoor grill. It's a balanced meal in itself! Cholesterol is on the high side, so eat moderately.

Ingredients

- 1 pound shrimp, raw (medium or large)
- 2 tablespoons pesto sauce (prepared)
- 1 tablespoon garlic, bottled minced
- 6 green onion(s) , chopped
- 1 tablespoon olive oil
- 1 cup couscous, whole wheat, dry
- 1 1/2 cups vegetable broth, reduced sodium
- 4 cups spinach, fresh baby

Preparation

Mix the pesto, garlic, olive oil and chopped onions in a small bowl. Remove the shells from the shrimp and clean and devein them. Pat shrimp dry with a paper towel. Cut 5 pieces of foil, each about 10 inches long. Divide couscous into 5 servings and place in the center bottom of each piece of foil forming a strip with the couscous. Place the shrimp in a row on top of the couscous. Spoon equal amounts of pesto garlic mixture over each package of shrimp. Pour equal amounts of broth over each package. Wrap two of the sides of the foil together leaving a bubble inside for steam to accumulate and then bring the opposite two sides of foil up and fold together to seal each package. Place them on a baking sheet and bake at 400 degrees for about 12 minutes. Remove from the oven. Arrange spinach over each plate. Top the spinach with the couscous and shrimp from each package and serve.
